An Indian Superstition.

England's Oldest Port. Falmouth is probably the oldest port in England. It was used by the Phoenicians at least 2,500 years ago.

One in every 200 of the population casus. All afforts to introduce local of India belongs either to the French

The veterans of the civil war have :

At present the futerests of the innoent man are simply sateguarded; but he interests of the government, that is, he interests of bonest administration, but is the interests of the people, are t -recognized as they should be. No object better warrants the attention of e Congress. Indeed, no subject better warrants the attention of the bench and bar throughout his United States Many suggestions for the improvea delegate from that territory to con-The Alaskan native should be given be right to acquire, hold, and dispose of citizenship should be given to such as uirements. In Hawaii Congress should give the governor power to remove all incher of florolum should be dredged The marine-hespital service should be empowered to sundy leprosy in the islimits I ask special consideration for the report and recommendations of the overpor of Porto Rica Foreign Policy.

In treating of our foreign policy and of the artitude that this great nation should lutely necessary to consider the army and which the thought of the nation finds in mind the fundamental fact that it is whether this policy takes thate in the effort to secure justice for others or jusoward our army, and especially toward our navy. It is not merely anwise, it is in which a larger number of regulars entemptible, for a nation, as for an inever in fore assembled together in tit dividual, to use high-sounding language of peace. No other civilized matien has ions which are reliculous if unsupporto provide this long. If there is no ingree percessary to back up a strong attle-

tude, then it is far better not to assume such an attitude. The steady aim of this nation, as of all allightened nations, should be to strive number whereby such property shall harm would be caused by, and substant shall prevail throughout the world the are device whatever be transported that benefit would accrue from decrease peace of justice. There are kinds of peace which are highly undestrable, which are in the long run as destructive as any war. Tyrants and appressus have many times made a wilderness and called Not only are the laws relating to nat-uralization now defective, but those re-it peace. The peace of tyrannous terror. the peace of craven weakness, the peace general authority to fix raffroad ought also to be made the subject of of injustice all these should be shunned

asked the Powers to join with this gov-ornment in a second Hague conference. It is results of the war with Spain.

It is not true that the United States eels any land hunger or entertains any ing share in their own governme wirth have stood in the very foremost projects as regards the other nations of rank of good citizenship, and that not merely in one but in every field of Amerobligations, it need fear no interference experiment of an elective lower house in There is no danger of having too many from the United States. Chronic wrongshould not admit masses of men whose bemisphere the adherents of the United customs and habits are such that they the United States, however reluctantly, in flagrant cases of such wrongdoing or

Our interests and those of our south-ern neighbors are in reality identical, cration should be paid solely to the Our interests and those of our souththat his children and grandchildren will. They have great natural riches, and if worth of the men chosen and to the detract from instead of adding to the within their borders the reign of law and needs of the islands. There is no highjustice obtains, prosperity is sure to come to them. While they thus obey the primary laws of civilized society they may under Gov. Wright and his associates rest assured that they will be treated by So far as possible these men should be power of the Congress "to e-tablish a us in a spirit of cordial and helpful sym-uniform rule of naturalization," and pathy. We would interfere with them should receive the hearty backing both unmerous have from time to time to time been enseted for that purpose, which have been supplemented in a few states by state laws having special application. There should be a comprehensive revision of the naturalization laws. The courts having power to naturalize should be the courts aggression to the detriment of the ending the court of the court of the courts and then only of the Executive and of the Congress. There is need of a vigilant and disinterest in the United States. Unfortunately hither to those of our people here at home who have specially claimed to be the chamber of the Edwinder of th having power to naturalize should be the body of American nations.

In asserting the Monroe doctrine, in the testimon, upon which naturalization taking such steps as we have taken in may be conferred should be definitely pre
